Speed : Multit

Light : Yes

Horn : Yes

Display : Digital display / monitor system (Speed)

Motor : 250W

Controller : With ACTIA DRIVE (French drive System)

Battery : 36V, 12AH Battery, 250W motor

Charger : 2A

System : RC

The image shows two silver-colored electric bicycles parked on a grey gravel path. The bicycle in the foreground is a step-through model with a black rear cargo basket, a brown saddle, and a black motor unit on the down tube. The second bicycle is partially visible behind it. In the background, there is a calm turquoise lake reflecting the sky, surrounded by steep, green mountains with patches of snow and rocky outcrops. The sky is a clear, pale blue.

A woman with blonde hair, wearing a black helmet and a black jacket, stands next to a white electric fat bike. She is looking out over a body of water, likely a lake or a wide river, with a rocky shoreline in the background. The bike is white with black tires and a black battery pack mounted on the frame. The scene is set on a grassy cliffside.
